NEXT GENERATION INFECTION CONTROL SOLUTIONS

TOUCHLESS DISINFECTION AND SANITIZING SYSTEM WITH 360° ELECTROSTATIC SPRAYING COVERAGE

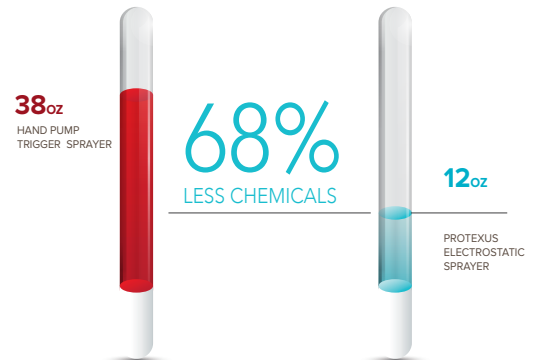

Traditional approaches to disinfecting and sanitizing can't keep up with the rising infectious disease crisis. Ineffective and expensive, they don't have the tools or technology to get the job done effectively or on time. The result is unsafe, potentially contaminated environments ripe for breeding and spreading disease.

PX200ES
Cordless Electrostatic Handheld Sprayer

CHEMICAL USAGE

400 sq/ft total surface coverage

 evaclean™ NEXT GENERATION INFECTION CONTROL SOLUTIONS	
CONCENTRATION	DILUTION
100 - 200 ppm	(1) 334mg tab / 1qt
538 ppm	(6) 334mg tab / 1qt
1076 ppm	(1) 3.3g tab / 1qt
4306 ppm	(4) 3.3g tab / 1qt

 Reference SDS for additional information

INCREASE PERFORMANCE
More surface coverage, less wasted chemicals

SAVE MONEY
Labor and chemical costs are reduced by using electrostatic technology

BETTER EFFICIENCY
Faster, safer, more consistent application requiring minimal training

360° COVERAGE
CLEANS AROUND CURVED & HARD TO REACH SURFACES

MODEL NO.	DESCRIPTION	UOM
PX200ES	ELECTRO SPRAYER	EA.

PURTABS Disinfecting and Sanitizing Tablets dissolve in the tank to create up to 6 different solutions that range from **killing C Diff in 4 minutes** to **NSF D2 Registered** food contact surface sanitizing. Learn more at evaclean.com.

VERSATILE

Ideal for sanitizing, disinfecting, odor control, disaster remediation and more

QUIET

Being only 60 db., it's great for environments where noise is important.

HEAD LIGHT

Illuminate work surface to provide a clear view of intended coverage.

CORDLESS

16.8 volt Lithium Ion Battery system allows the convenience of cord free cleaning for approx. 4 hours of use.

ERGONOMIC OVER-MOLDED HANDLE

Provides a soft grip for added comfort.

ELECTROSTATIC ON/OFF

Electrostatic charge can be disabled or enabled as needed.

TRIGGER LOCK

Trigger can be locked in place to prevent accidental spraying.

LIGHTWEIGHT & PORTABLE

Light enough at 3.8 lbs. to quickly navigate from surface to surface and room to room.

PX200ES

Cordless Electrostatic Handheld Sprayer

PRODUCT SPECIFICATIONS: PX200ES

VOLTAGE	16.8V	Micron Size	60
RUN TIME	4 hrs	Flow Rate (oz/min)	4.0
CHARGE TIME	1 hr	Spray Distance (ft)	2-4 ft
WEIGHT	3.8 lbs	Coverage per tank	800 sq. ft.
CAPACITY	33.8 oz	Coverage per charge	54,000 sq. ft avg.
DECIBELS	60 db
